Heat Treatment Preparation Checklist

IMPORTANT: This notice must be signed before any Heat Treatment may begin and for a warranty to be honored.

TitleTown Pest Pros service specialists are trained to treat your bed bug infestations with minimum damage to your home and furnishings. However, we require that the less heat-tolerant items listed below are removed. Do not remove items from the building, as they may be infested. Your service specialist will inspect the items for bed bugs and remove them from the area when they are cleared. Should these items show signs of infestation; TitleTown Pest Pros will provide treatment options available for those items. Once the facility has been cleared of each of the items listed below and prepared to our specifications, we may begin with our treatment, but are not held liable for anything that may be forgotten or overlooked in the treatment or anything that is damaged or altered in any way, due to the heat/treatment.

If you have questions, please talk with your TitleTown Pest Pros representative prior to treatment.

- ✓ Batteries
- ✓ Aerosol cans (hairspray, insect repellent, asthma inhalers, cleaning products, etc)
- ✓ People, Plants, & Animals
- ✓ Candles, Wax, Crayons, Lipstick and other meltable cosmetics
- ✓ Medicines and vitamins
- ✓ Fire extinguishers and other combustible items (lighters, propane, etc.)
- ✓ Firearms and ammunition
- ✓ Oil paintings & Acrylic paintings
- ✓ Fresh fruit & vegetables, chocolates, carbonated beverages, wines, liquors
- ✓ Antique furniture with finish or fragile glue points
- ✓ Musical instruments and collectibles may be heat sensitive, such as guitars

PLEASE LEAVE THESE ITEMS IN THE TREATMENT ON A COUNTER OR SOMEWHERE BED BUGS ARE NOT PRESENT

Wrap articles that are impractical to remove in an insulating material (Ex: Pianos). Small items, such as medicines, food, and cosmetics, may be placed in a refrigerator.

We also ask that you make the following preparations, **BEFORE** our heat treatment crew arrives.

- ✓ Please leave everything except for the items listed above in the home. This includes clothing, bedding, furniture, TV's and computers. It's important to leave everything in place as much as you can, as bed bugs and their eggs may be found on nearly any item, and we want to ensure none are brought back into the home.
- ✓ Move all furniture and belongings a minimum of 3 inches from walls.
- ✓ Remove all items (pictures, wreaths, decor, knickknack shelves) from the walls and backs of doors that are held up by **adhesive or adhesive hooks**. Heavier hanging objects are best to take down as well.
- ✓ Drawers and linen closets can be **LOOSLY** filled (not packed tight)
- ✓ Remove all items off of floors, especially in closets.
- ✓ Leave clothes hanging in closets. If possible, space clothes apart to help with heat distribution. Hangers may get hot so protect heat-sensitive fabrics.
- ✓ Drain water beds. Deflate air beds.
- ✓ Please unplug all electronics.
- ✓ It's the owner or agent's responsibility to notify our company of the presence of fire sprinklers and heat sensors. Please remove batteries from smoke detectors.
- ✓ **Any linens/clothing being brought out must be ran through a dryer for minimum 60 minutes on high heat and then put in a sealed plastic bag. This needs to be inspected and approved by a TitleTown Pest Pros representative.**

I the undersigned, certify, I have complied with this agreement and do not hold TitleTown Pest Pros liable, for items that have been missed or becomes damaged in any way and also release TitleTown Pest pros from any and all liability involved with the treatment.
